Support letter for AMPL

Dear Sir,

LPA board and the Lebanese pilots community would like to express their support to the esteemed pilots community in Morocco and ensure their solidarity and refusal of the unlawful, unethical and disgraceful acts taken by Royal Air Maroc against union pilots representatives and other pilots under the cover of economical layoff.

The Lebanese pilots community is shocked by this behavior which is not to be condoned or tolerated, and urges Royal Air Maroc to revise their decision and change their stand.

We believe that this "ethnic cleansing" and the atmosphere of fear generated could seriously harm the level of aviation safety within the airline.

We urge RAM management to negotiate with the pilots body to come up with a solution that satisfies everyone and protects pilots and the company at the same time amidst this pandemic and difficult global economy.

Hoping for a better future, and for a fruitful deal to take place between AMPL and RAM sooner than later.

Yours truly,

LPA
